Good Morning Barry,

WOW!!! What a tremendous job you did on the presentation “**The Power to Execute Change...How Leaders make things Happen**”It is not easy to take a group of leaders in the retail grocery business, from all over the United States, and keep their attention the way you did. I thought your program was very exciting, funny, as well as very educational.

I would definitely recommend your program to any group of leaders, of any type company. You did a masterful job of keeping everyone involved in the presentation, without forcing their comments. I have heard many speakers over the course of the last 38 years, and I will put you in the top 3 of the contents I heard.

Thanks again for the presentation.

Ronnie Horton

P.S.The golf was great, and it was sure good to play with someone that is as bad as I was.
